ANGEL GUIDANCE BOARD READING FOR NOVEMBER TWENTY TEN

HOME :: ARCHANGEL JOPHIEL

EAST

You're moving in an eastward direction from your current location. This message also means that there's an Eastern influence in your home life. Decorate with an Asian flair ~ for instance, with plaques or statues of Eastern deities such as Quan Yin or Buddha. In Feng Shui, this area of your home and work space (including that corner of each room) refers to Health and Family. Clear your eastern corners of clutter to lighten and free the energy within your family and health. The eastern direction is also associated with the element of Air. So, be extra conscious of taking slow, deep breaths; open the windows to allow air to circulate; and spend some quiet time watching the clouds roll by.

ROMANCE :: ROMANCE ANGELS

MARRIAGE

This situation involves marriage. It could mean that you're heading to the altar for your own wedding, or that vows and passion will be renewed within an existing union. This message can also signal that a previous spouse is affecting your current love life. In that case, ask Archangel Michael to cut unhealthy ties to former partners. Remember that the most important marriage is the internal one, which is called the 'Mystical Marriage'. This means realising your oneness with Divine love and God, as well as with your own higher self and that of others. Meditation can help you to attain this blissful realisation, and will positively affect all areas of your life, including the romance department.

MONEY :: ARCHANGEL ARIEL

BARTER/TRADE

Creativity is a valuable commodity for you now. Don't delay your desires because you believe that you need more money before you proceed. In this situation, there are ways to manifest your goals without money. You're called upon to trade services or goods in exchange for what you need. Hold a strong intention concerning your desires, and the universe will bring it to you through creative means.

CAREER :: ARCHANGEL CHAMUEL

HEALER

This is a message about connecting with healing energy. You have innate powerful healing abilities, which you're guided to use for yourself and others. The angels also ask you to connect with other healers. Learn from them, and receive healings from them. Only work with healers who are loving, as love is ultimately *the* healing agent.

LIFE PURPOSE :: ARCHANGEL MICHAEL

TECHNICAL

You have technical skills and knowledge that can make a large contribution to the world. For instance, computer expertise enables you to reach many people with healing or enlightening messages. Your life purpose involves applications such as computer, electrical, mechanical, technical arts or writing, engineering, graphics or science ~ which you can blend with the spiritual to help others in a big way. Your natural intuition helps you understand both esoteric and technical information, and your purpose serves as a bridge between science and spirituality.

CHILDREN :: ARCHANGELS GABRIEL AND METATRON

INDIGO, CRYSTAL & RAINBOW CHILDREN

You're guided to work with highly sensitive children, either your own or others'. You have the ability to reach these kids because of your own sensitive awareness ~ you can offer them reassurance and guidance. Allow yourself to dream of helping children, and then ask your angels to assist you in manifesting these dreams into reality. By helping young people, you're contributing to the happy and healthy lives of future generations.

FAMILY & FRIENDS :: ARCHANGEL RAGUEL

LOVE

This situation can be healed with love. Visualise everyone involved surrounded with healing pink light, and hold only loving thoughts about them. Don't worry about how the situation will be healed; just affirm that it is healed. Your angels remind you of the power and influence that your thoughts and beliefs have over this situation. You have the power, through positive expectations, to experience miraculous healings and shifts with your loved ones. Meditate regularly and take excellent care of yourself in order to maintain a consistently loving outlook.

HEALTH :: ARCHANGEL RAPHAEL

NUTRITION

This is a message for you to pay closer attention to the foods and beverages that you and your loved ones consume. The question that you're asking about is directly related to diet ~ a healthful change will bring the positive results you're seeking. Call upon Archangel Raphael to guide you and your loved ones away from unhealthy cravings; and to help instill in you the desire for fresh, organic produce and other healthful foods and drinks. A consultation with a holistic nutritionist may also be in order, and again, Archangel Raphael can guide you to wonderful health professionals.

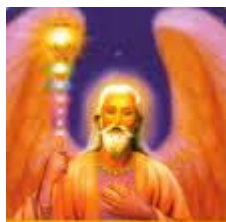

SPIRITUAL PATH :: ARCHANGEL URIEL

OPEN HEART

An open heart feels the presence of Spirit at a deep and euphoric level. The angels ask you to lower any defences and allow love to fully stream into you. Your angels are with you, willing to help you heal from past pain that causes you to fear feeling love. They remind you that love can never hurt you ~ only the lack of love can do so. As your heart opens, you'll naturally be guided away from ego-based relationships, and will attract people who treat you with respect and love. Take a moment now to close your eyes and calm your mind. Focus upon your heart centre, and imagine breathing cleansing white light into it. Ask your heart to open, and feel the energy of love permeate your chest. Then, ask the angels to guide and protect you and your relationships so that you feel safe keeping your heart open. Know that you are loved and safe.

PSYCHIC DEVELOPMENT :: ARCHANGELS RAZIEL & HANIEL

DREAMS

Your dreams are especially revealing at this time, and they contain clues to hidden desires and messages that you need to understand. Before you go to sleep, ask your angels and unconscious to help you remember your dreams upon awakening. Keep a pad of paper and a pen near your bed ~ when you awaken, write down whatever you can remember about your dreams. Notice the common themes among your dreams as you awaken your natural psychic abilities.

HAY HOUSE RADIO

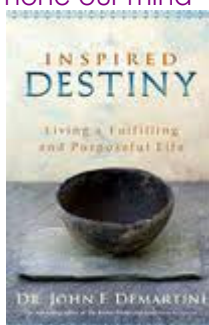

This is a long running free internet radio available 24/7. Tune in when you are feeling the guidance to do so.. If you are stuck inside due to weather conditions.. BUTTERFLY'S BOOK CLUB ☺

This month I have been enjoying the wit and intelligence of Dr John. F. Demartini.. To say this guy has been around the block is an understatement! In his latest book 'Inspired Destiny', he writes that he is travelling and on the road for 300 out of 365 days of the year! This for me has been a natural progression from the Secret of a few years ago and the Passion Test... great tools for ALL AGES to hone our mind ~ body ~ spirit connection to live our best lives.
